MONDAY EVENING, JUNE 6.

MYSTERY OF A Young GIRL -Miss Percy, about 18 years of ago, who lived with her widowed father and his housekeeper, in Ashland, Greene county, N. Y., and who was rather weak in body and in mind, disappeared on Friday night, May 27, with nothing on her in the way of clothing except her nightgown. An alarm was given, and about one hundred persons scoured the woods and dragged the ponds, but to no avail. On the Sunday following suspicions of foul play were aroused, and the excited neighbors began tearing up the ground about the house, tearching the building and outhourse, but obtained no clue to her whereabouts. On Monday at about 9 s. m. the wife of the rector of the Episcopalisn Church was startled from her work in the sitting room by a white figure jumping into the doorway. The rector's wife creamed, and her cries brought a servant to the scenc. The figure in the door was M's; Percy, and sne was entirely nude. Her body, face and bands were covered with dir; her hair was matted and begrimed with mul. A table cover was thrown over her, and she was taken to her home. She refuses to tell anything about her absence or experiences.

THE MONTH OF JUNE derives its name from, and, secording to Oroid, was given in honor of the goddess Juso, sister and wife ef Jupiter, s yied also the Queen of Heaven, the main feature of whose character is that she bore the same relation to the fimale sex that Juniter did to the male, She was, consequently, regarded as the protestress of everything connected with marriage. Hence June, which was held sacred to her, was considered the most favorable month for marrying. But the general festival which was celebrated by all women in henor of June, and was called matronalis, always took place on the first of March. In this mouth occurs summer solstice when the suo enters the sign cancer.

Theu diseases of the skin, estarth affections, rheumatiem and functional heart troubles. IT IS AN UNFAILING SOLVENT OF CAL-CULI. These waters have proved of great value in many other diseases, but can be more confi-dently relied on in the above ramed than any other mineral springs in this country. I guar-antee a cure if curable by mineral waters. The baths—hot, cold and shower—are unexcelled any-where. The new and elegant swimming pool of alkaline water, the largest in the United States, if not in the world, is especially attractive. No tafer or better place for Isdies or children to learn to swim. Plenty to fill their stomsch and new beds to rest them on. Best mountain roads in Virginis; one hundred dollars to the mic expended upon them this spring. The air of this elevated region is pure and delicious. Capon being nearer to all the cities north of the Potemac than any of the Virginia springs of note by an average of a hundred and fifty miles, claims a large patronage on that score.
